When should I get my hearing checked?

Hearing changes can come on so gradually that you may not even notice it's happening. In general, you should have your hearing screened every three to five years, and tested annually if you are over the age of 50 or experiencing any of the following:

- **Consistent exposure** to loud noises
- **Difficulty understanding** in noisy environments or in groups
- **Asking people to repeat themselves** or feeling like they are not speaking clearly
- **Ringings** in your ears

Your Hearing Program*

Laborers' Local 157 Benefit Funds has partnered with Amplifon to save members an average of 66% off MSRP** on hearing aids with additional benefit of \$1,500 per ear, every 3 years for members and dependents. Plus, you'll also enjoy a free hearing exam and:

Risk-free trial - find your right fit by trying your hearing aids for 60 days

Battery support - a charging station or battery supply to keep you powered

Follow-up care - ensures a smooth transition to your new hearing aids

Warranty - peace of mind with coverage for loss, repairs, or damage
